TABULATOR INSTRUCTIONS

- 1) All contests at all levels will have three(3) tabulators.
- 2) Each judge's scorecard will be numbered 1 to 5, and alternates with an "A". The contest chairperson will let the tabulators know which judge's will be used for scoring.
- 3) Each scorecard will be added, and initialed by each of the tabulators. Any corrections must be made by the judge and initialed. Only whole numbers must be used.
- 4) Make sure there are no ties in the total points and Record of Choice. If so, the judge must break the tie.
- 5) Post the Record of Choice and the Total Points from each judge's scorecard onto the Tabulation Card.
- 6) The contestant receiving the lowest score in the Record of Choice is declared the winner, and so on down the line.
- 7) If two(2) contestants are tied you must then use the two-way tie breaker, Form #16, to break it.
- 8) If More than two contestants are tied you must first use the Total Points with the highest points declared the winner. See Three-way tie breaker sheet, Form # 17, for further explanation.
- 9) Tabulators are not permitted to divulge any information related to their contest.
- 10) All sheets are to be turned over to the Chairperson for final acceptance.
