

Hello my name is \_\_\_\_\_ and I am calling for the American Legion. How are you?

The reason for this call is that I see you are currently a member of Post 0001, the Headquarters holding Post, and we would like to invite you to transfer into a Post closer to your home.

If you agree, we will mail you a letter and a transfer form to sign, giving permission for the transfer to be processed, as well as some additional info about our Post.

### **Key Points**

A portion of the dues will now stay local and help support Legion programs in your community.

They are welcome to be involved as little or as much as they would like in their new Post.

Emphasize the programs of the legion; baseball, children and youth, veteran's assistance, color guard etc...

SAL and Auxiliary organizations are available for any interested family members.

**ENSURE THAT WE HAVE THE CORRECT ADDRESS**
